

## Feb 25-27 2022 Meaghan O'Neill returns!

### About Meaghan

Meaghan won her first national agility championship as a junior handler at 17. Since then she has won many regional and national titles. She has been on Canada's world team multiple times bringing home an array of medals.

Meaghan's approach to handling is choosing the best lines possible for the dog, and for the handler to get and stay ahead. Communicating with the dog where

they are going before they get there. Much of that relies on the dog having a solid understanding of its job and the obstacles so the handler can have the confidence to lead and get ahead. When the solid understanding, the trust and the right handling all come together it's a beautiful thing.

We are so pleased to have Meaghan returning in 2022. Her profound understanding of the game of agility and her coaching style will help you fine tune the elements to help it all come together for you and your dog.
