UKI CANADA Classic - General Rules

- This event is open to all dogs and handlers irrespective of their level in UKI and their organization affiliation.
- There is no pre-qualification necessary to enter classes.
- There is a separate competition for each jump height.
- Dogs and handlers need to be UKI members. Register online at www.ukagilityinternational.com
- Dogs may only compete in one height throughout the whole event.
- Handlers who are collecting points for Canadian Open Byes, must be the same dog and handler partnership that compete in these events and at the Canadian. Open and must run in the height that the Q's and Byes were gained at.
- A dog may only be handled by one handler throughout the event.
- Classes will be run in strict running order unless otherwise specified. Running orders will be randomly drawn for the first round of each class of Biathlon, Pentathlon and Masters Series Heat.
- Classes will be run under UKI rules and regulations with additional rules detailed below. Any further amendments will be posted and or announced in the event confirmation letter.
- At the event management's discretion, individual runs of the Classic Biathlon or Classic Pentathlon can be entered. Those competitors can compete for a qualifying leg and if clear, earn 4 level points, but they will not be able to earn placement points. They also are not counted in the tournament tallies or given any results placement. If they receive a clean run the dog's result will be recorded as the course time so as no comparison and placement will be made with those entered in the tournament
- UKI reserves the right to rule at the event on anything not covered in these rules. Any amendments to these rules will be announced to competitors either in the confirmation information or general briefings.

Pentathlon Winners – The Winners of the Speedstakes Final from the Classic Pentathlon in each jump height will receive automatic entry into the 2nd Round of the Games Challenge regardless of their Round 1 score, at the 2023 UKI Canadian Open. Winners also receive a bye into Rd 2 of the Canadian Nationals and qualify for the Master's Final at the 2023 UKI Canadian Open.

Biathlon Winners - Winners of the Overall Placement of the Classic Biathlon (without an E in either round) in each jump height will receive an automatic Bye into Rd 2 of the UKI National Championship Class at the 2023 UKI Canadian Open.

Biathlon

- Consists of a Jumping round and Agility round with the results combined.
- Either round can be run first. Running order for second round will be in reverse order of first round results.
- Cumulative scoring; least faults wins with time as tie breaker only, in all aspects of the Biathlon.
- In the event of a tie for the Agility Biathlon Winner, the scores from the Agility round will determine the winner. If there is still a tie, the dogs will compete in a run-off on the last biathlon course.
- Eliminations in the first round will still progress to the second round with E's running first in random order in the RO for the second round.

Pentathlon

- Consists of 4 preliminary classes with points allocated for placements in each class that are combined into one result to enable participation to run in the Final.
- The 4 preliminary classes include: Snooker, Gamblers, Agility & Jumping and are run and scored under UKI Rules & Regulations.
- The Final consists of a Speedstakes course and is run and scored under normal UKI Rules & Regulations.
- The tabulation for each of the 4 preliminary classes is based upon the number of dogs entered within each jump height in each event. The winner of the class (i.e. Snooker) will receive the highest points which is equal to the total number entered in that jump height. Example: If 12 dogs are entered in the 22 inch height then the winner will receive 12 points, 2nd place 11, 3rd place 10 and so on.
- Eliminations (dogs not stopping the timers by going over the finish jump in Gamblers and Snooker) will score 0 points
- Eliminations in Jumping or Agility will score 0 points
- A no show in any of the classes or if any of the classes are run for NFC - will result in a loss of eligibility to move onto to the Final, regardless of ranking in the other classes.
- The top 50% from the 4 preliminary rounds will progress onto the Speedstakes Final.
- Dogs with 3 or more 0 scoring results in preliminary classes will not progress onto the Final.
- The bottom 50%, including those that scored three or more zero's, will move onto the Speedstakes Consolation Run that is scored under normal UKI Rules & Regulations.
- A tie at the 50% cut off will round up to move all tied dogs into the Final.
- The running orders for the preliminary classes will be random order.
- The running orders for the Final will be reverse order of the combined result of the preliminary score after the 4 rounds. If there is a tie for running order placement, the Agility placement followed by the Jumping placement, followed by the Gamblers placement will determine the running order.
- The running orders for the Consolation run will be in random order and are not strict.

Managing Conflicts for Handlers with Multiple Dogs in Non-Seeded Classes

In the initial classes of each event (non-seeded runs) a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap then the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6-minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10 dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.

Multiple dog conflicts in Seeded classes:

In the seeded classes a handler has earned their running order and the advantage this brings; therefore, their dogs will not be automatically moved to create a gap. Instead, they will be given 6-minute break between dogs. However, a handler may choose to move their first dog to a spot earlier in the running order to create a gap of 10 dogs (9 dogs between their runs). If this is unable to be achieved, the 6-minute rule will be used. A handler must notify the results office within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round. Failure to do so will mean they will be given a 6-minute break. By entering more than one dog in this event, handlers indicate their acceptance to comply with these rules.

Canadian Masters Series Tournament Rules

The aim of the Masters Series is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

- The Masters is considered one class made up of 2 rounds: an Agility and Jumping round with results combined.
- Entry open to ALL dogs of all levels.
- Separate competition for each jump height.
- Running order for second round will be in reverse order of the first runs results. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6 minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a large enough gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. Handlers must run for competition in both rounds to receive a combined score and be eligible for the Final, awards & prizes. The dog must run in the height that it will compete at in the Canadian Masters Series Final. The same dog and handler must run both rounds. Any extraordinary circumstances to be ruled by UKI.
- Cumulative scoring; dog with the lowest score wins. Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio.
- Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final. Even if an elimination is scored in either round.
- Eliminations will result in 100 faults with a 60-second course time. Therefore, dogs that score 320 cumulative and over will not be placed nor awarded prize money.
- A no-show or NFC in either class will result in a disqualification from the heat and therefore will not be eligible for individual class placement, overall placement or eligibility to qualify for the Final, and will be scored 1000 faults.
- If 1-5 dogs are entered in a jump height 1st & 2nd place from the combined scores of Agility and Jumping rounds qualify for the Canadian Masters Series Final at the Canadian Open. If 6 – 10 dogs are entered in a jump height 1st - 3rd will qualify, above 10; 1st – 4th will qualify.
- Prize money to be paid out to at each heat for the combined winners per the prize fund below.
- **In the event there is not a monetary winner within a height, the prize money will be sent to UKI to be added to the Masters Series Final.**
- Winners (1st place only) Overall of any Canada Masters Series Heat are also eligible to receive a bye into the Masters Series Final at the US Open (Florida). This can only be used at one of the Opens. If going to both events, 2 byes will be necessary.
